Installing Panopto Recorder to your machine

NOTE: You will only have to install the Panopto Recorder if you plan on recording with your personal machine. Panopto Recorder is already installed on the classroom iMac's.

1. Visit http://hc.hosted.panopto.com. Under the “USER LOGIN” section on the right side of the page, click the drop down menu next to “Log in using” and select Haverford College Moodle, then click LOG IN.

2. The next window will be the Haverford College Moodle main page. Proceed to sign in using your Haverford username and password.
3. Once you enter your moodle credentials, you will be sent to the Panopto interface. Click on the RECORD button on the top right corner of the page.

4. A pop-up window will appear. Select the WINDOWS installer from the PANOPTO FOCUS RECORDER on the left side of the pop-up.
5. Once you select to download FOCUS RECORDER for WINDOWS, click the SAVE FILE button in the next pop-up window.

6. After the installer is downloaded to your machine, open the .exe.
7. Once you open the .exe file, click RUN.

8. Click on NEXT in the first window of the installer.
9. Finally, click INSTALL on the last window, the installer will now install Panopto recorder to your machine.
